Print • Copy • Scan • Fax

The new **RICOH IM xx10 Series** provides a reliable black and white A3 print platform for busy workplaces. Combining speed, consistency, and proven Ricoh reliability, it delivers high-quality everyday performance—the smart choice for modern businesses.

Technology That Delivers Everyday

Designed for everyday printing businesses depend on, the **RICOH IM xx10 Series** delivers reliable, high quality black-and-white output every time. Built on Ricoh's trusted Intelligent MFP (multifunction printer) platform, it helps protect data with strong built-in security, while intuitive operation and support for cloud solutions enable seamless integration with existing digital workflows.

Eco-friendly, energy-efficient design reduces environmental impact, while automatic updates keep performance consistent and ensure that your device continues to add value as business needs evolve.

KEY FEATURES

- **25-70 ppm speed options** to match your workload
- **Fast 300 ipm duplex scanning** with single-pass document feeder*
- **Top environmental performance** with higher recycled content and low energy use
- **Streamlined digital workflows** with Ricoh solutions and services
- **Intuitive 10.1" Smart Operation Panel** with capacitive touch
- **Professional document output** with comprehensive inline finishing options
- **Stronger data protection** with TPM 2.0, WPA3, and ECDSA encryption
- **RICOH Always Current Technology** for automatic feature and security updates

**Optional on all models except the IM 6010 and IM 7010*

Built to Keep Your Business Moving

Future-ready Performance You Can Rely On

From short monthly runs to demanding daily volumes, you can rely on the RICOH IM xx10 Series to deliver crisp black-and-white output, every time. Upgraded hardware, solid-state storage, and an enhanced controller architecture deliver faster processing, smoother multitasking, and long-term reliability—helping maximise uptime as your needs grow.

The next-generation 10.1" Smart Operation Panel (G3) brings faster processing, enhanced usability, and a consistent experience across devices. Together, these capabilities provide a resilient print platform that adapts as your business evolves.

Secure by Design

Protect Data With Security That Stays Current

With RICOH Always Current Technology, the **IM xx10 Series** stays protected with automatic feature and security updates, helping you stay ahead of emerging threats with confidence.

Advanced TPM 2.0, WPA3, ECDSA protection, secure print release, and built-in user authentication safeguard sensitive information and support compliance requirements. Customisable admin privileges, enhanced network controls, and clear system logging give IT teams greater visibility and control, ensuring your print infrastructure is secure today and ready for tomorrow.

Sustainable and Efficient

Reduce Environmental Impact Without Slowing Productivity

The IM xx10 Series helps lower environmental impact and energy costs without compromising productivity.

Built with 50% post-consumer recycled plastics and using up to 50% less single-use plastics in packaging, these MFPs support sustainability commitments while delivering reliable performance. Advanced energy-saving features—including ultra-low power consumption in Energy Saver Mode—further reduce running costs and carbon footprint.

Expand in-house production with flexible options:

High Performance Scanning

The latest-generation single-pass document feeder (SPDF) enables faster scanning and digitisation for busy environments, with improved handling of speciality media such as business cards, cheques, and receipts.

Professional Document Finishing

Optional finishers provide high-capacity stapling, booklet creation, and eco-friendly stapleless binding for polished output without outsourcing.

Convenient Internal Folding

Internal multi-fold unit supports multiple folding styles, making it easy to produce brochures, handouts, and mail-ready documents within the mainframe.

Effortless Workplace Integration

Solutions That Fit Your Diverse Needs

Ricoh solutions are designed to seamlessly integrate into your existing print environment, enabling you to maximise the value of your device and support how and where your people work. As your business evolves, they scale with you—keeping workflows simple and employee experience consistent.

By working closely with you, we address your challenges and support your priorities, so work gets done smoothly, wherever your teams are based.

Ricoh Digital Services

Take your print infrastructure to new heights and optimise workflows, foster effortless collaboration, and enhance efficiency with Ricoh's suite of digital services and solutions.

Workflow & Automation

Uncover new opportunities for growth and expansion.

- Process automation
- Content and collaboration
- Business applications
- Automated routing and OCR
- Fast, cloud-based deployment
- AI-powered document processing

Managed Print Services

A structured approach to managing complex print environments.

- Right-size your print fleet
- Global security and compliance
- Predictive maintenance and automated supply replenishment
- Assessment, optimisation, and continuous improvement

Secure Print Management

Comprehensive print governance across your print fleet.

- Consolidate device management tools into one platform
- Enable remote device management
- Reduce IT burden
- Enforce governance rules
- Eliminate on-premise print servers
- Support hybrid work environments

Range Summary

General	IM 2510	IM 3010, IM 3510	IM 4510, IM 5510	IM 6010	IM 7010
Functions	Copy, print, scan, fax (optional)				
Document feeder	ARDF/SPDF	ARDF/SPDF	ARDF/SPDF	SPDF	SPDF
Paper Input (Standard + Bypass)	1,100 + 100 sheets				
Paper Input (Maximum)	4,850 sheets				
Copy/Print Speed	25 ppm	30/35 ppm	45/55 ppm	60 ppm	70 ppm
First Print Time	4.5 seconds	4.0 seconds	3.3/2.5 seconds	2.4 seconds	2.2 seconds
Scan Speed—via SPDF (1-sided/2-sided)	150/300 ipm				
Storage	256 GB SSD				
Total Memory	6 GB (mainframe 2 GB + Smart Operation Panel 4 GB)				8 GB (mainframe 4 GB + Smart Operation Panel 4 GB)
Operation Panel	10.1" Smart Operation Panel				
Print Resolution	1,200 x 1,200 dpi; 4,800 x 1,200 dpi equivalent (maximum)				
Power Consumption (Sleep Mode)	0.31 W				
Typical Electricity Consumption (TEC)	0.24 kWh	0.29/0.34 kWh	0.44/0.61 kWh	0.66 kWh	0.82 kWh
Wireless LAN	Standard				
Security	TPM 2.0, WPA3, ECDSA				
Recycled plastic in mainframe	50.00%				
Weight—with SPDF	88.9 kg	89.9 kg	90.9 kg	91 kg	92 kg
Dimensions (W x D x H)—with SPDF	587 mm x 701 mm x 963 mm				587 mm x 724 mm x 963 mm
